OSSIPEE PUBLIC LIBRARY

The following statement of receipts and expenses submitted for the year 1954 for the Ossipee Public Library.

During the past year it became necessary to provide extensive repairs on the building. It is found that the chimneys at either end have become porous allowing water to run into the building. As soon as the weather is suitable these chimneys will be torn down and rebuilt to insure a water tight job.

The fire box in the furnace has become unsafe and it is necessary to install a new one. The original is a special box built for this particular style, this has been discontinued and it is necessary to build a new box from fire brick. The Trustees hope that with these repairs the building will be in much better shape and will not require as much maintenance in coming years.

REPORT OF FOREST FIRE WARDEN

Howdy Folks. This is your friend smokey the fire prevention bear, talking for Harry Wormstead, your local forest fire warden. You know how he is always asking you people to take it easy with fire in the woods? Well, he wants you to know that forest fires decreased last year. He knows it did rain some but it was the help of all you people who are giving their time and money and carefulness to prevent this shameful waste of our woodlands. But please remember this folks, forest fires still do a lot of damage each year. And we got to work and work to whittle them down to our size. So when you're around forest areas, crush out your cigarette, hold your match till it's cold, drown your campfire and drown it again. If you have to burn grass or brush or rubbish, ask about the law first, also get your permit from your warden and last, have plenty of help handy. Please remember a permit is required for all open fires whether in an incinerator, or on a piece of plowed ground. Your local forest fire warden will help you in your burning problem and he is as close as your telephone. Please call him.

Each year forest fires destroy enough saw-timber to build all the homes in a city of one-half million people.

Each year forest fires eat up enough saw-timber to make ties for 50,000 miles of railroad tracks.

Each year forest fires destroy enough pulp-size trees to provide a 12 months supply of newsprint for every newspaper in the United States.

REMEMBER —ONLY YOU
CAN PREVENT FOREST FIRES
Number of Fires 1
Number of Acres Burned $\frac{1}{4}$
Number of Permits Issued 57

As in the past, the School Lunch program uses the Hall and part of the ell during the school week. Various organizations use the Hall as need arises. During the coming year, with the money accumulated, we anticipate more repairs and painting on the House.

It has been possible thru the cooperation of the N. H. Dental Service to offer cleaning and fluorine treatments to children from ages of 4-6 years. The work is done by the State Dental Hygienist, Mrs. Marybelle Carter. The response of the parents to this type of clinic has been good.

Thru the generosity of Mrs. Paul C. Hobart of Somersworth, N. H., the School Dental Clinic was given all of Dr. Hobart's dental instruments and much other material useful in dental work. Mrs. Hobart also made it possible for the Ossipee School District to purchase Dr. Hobart's X-ray machine and dental cabinet at a nominal cost. This now gives the school a completely equipped dental room.

AUDITOR'S CERTIFICATE

This is to certify that we have examined the books,
vouchers, bank statements and other financial records

of the treasurer of the School District of Ossipee, N. H. of which the above is a true summary, for the fiscal year ending June 30, 1954, and find them correct in all respects.

JOHN M. WOOD,
CLIFFORD W. LAWS,
Auditors

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Ossipee:

During the school year 1953-54 the teachers in the Ossipee Central School were:

| | |
|------------------------------|-----------------|
| Principal | Charles Pinkham |
| Mr. Harold Angers | grade 8 |
| Mrs. Ruby Pearson | grade 7 |
| Miss Edith Fish | grade 6 |
| Mrs. Frances Pinkham | grade 5 |
| Mrs. Leda Knapp | grade 4 |
| Mrs. Florence Eldridge | grade 3 |
| Mrs. Lillian Godfrey | grade 2 |
| Mrs. Alice Loud | grade 1 |

For the current year Mrs. Henrietta Kane succeeded Mr. Angers as teacher of the eighth grade. Mrs. Kane is a graduate of the Trenton, N. J. Teachers' College and has had several years teaching experience in the schools of New Jersey, most recently in Newark. Mr. Philip Michael of Sandwich, N. H. succeeded Miss Fish as the teacher of the sixth grade. Mr. Michael is a veteran of World War II and a graduate of Plymouth Teachers' College. Mrs. Lucinda Gilman of Madison, a graduate of Plymouth Teachers' College with several years teaching experience, succeeded Mrs. Godfrey. Mrs. Gilman and Mrs. Loud attended the summer school at Plymouth Teachers' College during the past summer.

Total registration at the Ossipee Central School was 227 with an average daily membership of 206.8. This was an increase of 22 pupils over the average membership of the previous year. The school opened in September, 1954 with 210 pupils. A few pupils have

enrolled since then. According to the census returns there should be a slight decrease in the size of the incoming grades for the next few years.

There were 61 Ossipee pupils registered in high school with 53 at Kennett High School, 5 at Brewster Academy, and 3 at Spaulding High School. For the current year there are 60 high school pupils enrolled. Of these 14 are seniors. There are 27 in the present eighth grades to enter high school next September. The enrollment of the four upper elementary grades, which will be the high school group in September, 1958, is 101. Tuition rates for 1953-54 were \$270.00 at Kennett High School, \$225.00 at Brewster Academy, and \$238.50 at Spaulding High School. Rates for the current year are \$285.00 at Kennett High School, \$275.00 at Brewster Academy, and \$247.50 at Spaulding High School. Kennett High School has announced its rate of \$290.00 for next year. Total expenditures for education of high school pupils for the year 1953-54 averaged \$376.23 per pupil. The state average cost per pupil for all purposes for 1952-53 was \$368.18. Average costs for the state for 1953-54 are not available at this date but doubtless will be greater than the figure quoted. The total number of elementary and high school pupils in Ossipee for 1953-54 was 288.

This is the fifth year of operation of the high school busses. National school transportation authorities estimate the average useful life of a school bus at about ten years. Our busses travel about 16,000 miles each year which is probably well above the national average. It may be good economy to exchange for new busses during the next two years. At this date we estimate that there may be a surplus at the end of the year of about \$3,000.00. I recommend that the school board be authorized by the district to place any unencumbered surplus in a capital reserve fund to

be used toward the purchase of new busses when such purchase shall have been voted by the district.

Mrs. Marion Davis conducted the supervision of the school health program in her usual effective manner. Through Mrs. Davis' efforts much of the equipment of the Somersworth office of Dr. Hobart was obtained for the dental room. The School Board purchased from Mrs. Hobart an X-ray and an instrument cabinet, and a large amount of dental instruments and materials were donated by Mrs. Hobart. We extend our thanks to Mrs. Hobart for her generosity. The Ossipee Central School now has a well equipped dental office, and dental services have been made available regularly.

During the summer of 1953 five of the classrooms and the corridor walls were painted. All classrooms now are decorated in pleasing colors which improves the appearance and the lighting. Grading was done at the rear of the primary room to provide separate play space for these pupils, and a slide was erected for their use. In the heating plant the fire-box was rebuilt, the burner renovated, and adjustments made on the draft control. Periodic tests now show that the fuel combustion is operating at high efficiency. However, the boiler is overloaded which probably causes some excess fuel consumption.

No state aid was received last year, and none will be received this year. Under the present formula for distribution and amount of money appropriated by the state, Ossipee is not eligible to receive state aid.

The supply of qualified teachers is so inadequate as to be critical. National authorities have reported that for the current year the country needed 170,000 new teachers, but only 35,000 graduates came out of

college prepared to teach. This national situation is reflected in the need and supply ratio in this state. Competent young men and women should be urged to enter the teaching profession.

The fine cooperation of the School Board, teachers, citizens, and pupils is sincerely appreciated.

Respectfully submitted,

EVERETT H. BRASIER

Superintendent of Schools

The School Lunch Program operates from November 1 to the April vacation. Due to a lack of adequate refrigeration facilities, we are unable to operate during the warmer months.

During the school year 1953 - 54, 15,434 children's lunches were served on 109 days. This was a daily

average of 142 lunches served to children. The daily charge to children is 20 cents per meal.

I certify that the above information is true and correct; that the cash balance has been determined by actual count and/or verification of the check book balance; and that invoices and other pertinent records as required are on file to substantiate the School Lunch Program transactions.

Treasurer
